READY FOR TASTE-OFF?

“Ladies and gentlemen,
Welcome on board. We are about to take off - on a delicious evening flight in the Fliegerdeich Wilhelmshaven restaurant. My name is Patrick Sommer and as head chef I would like to welcome you. We hope you're hungry, because my team and I will spoil you with Mediterranean soul food and local delicacies!”

On our menu you will find a daring combination of regional and international products, with a dash of coastal love and a pinch of wanderlust. Speaking of wanderlust, you can also let your gaze wander into the distance with us! Because as soon as the weather conditions allow, we open our outdoor terrace runway.

This is located directly on the water and offers a fantastic view of the sea. A feeling like being above the clouds. Only without the clouds.

As we all know, after a feast for the palate is before refueling: with daring drinks, cocktails or a glass of wine. At the end of the trip, toast again with a delicious digestif - before descending towards home.

NICE TO KNOW

- Our vegan dishes are labeled “vegan”
- We try to buy many of our products locally
- Our aim is to process our food ourselves as far as possible and prepare it freshly
- All prices are in € and include service and VAT.
- Tip is not included!

UNSER PARTNER

Our partner for the entire range of fish & seafood

is Fisch Kalter. When it comes to fish, there's no getting around this traditional family business from 1959 in Wilhelmshaven.

We use the spices from Fliegerlust, among others. Whether with steak or our baked feta - Fliegerlust spices bring you a little closer to faraway destinations.

Since summer 2020, we have been producing a wide range of organic edible mushrooms at our Grafthof farm in Neuharlingersiel. Our certified organic cultivation takes place under extremely hygienic conditions.
